Part B for Mar '49

SUBJECT

Purchase of Shemac and Mex fluids from M/s Burmah Shell & Co, Madras — advance of Rs 50,000/-

No h 10303/ ~~nil~~ 20 16 3 49

To

The Manager Aircraft
Bangalore City

Secretary

Nil

ML
6475

Advance of Rs 50,000 to Messrs Burmah Shell & Co of India Ltd Madras for supply of 200 tons of Shelmac and 200 tons of Mexphalte to Bangalore City Municipality for use of the ML works

Letter no A2 PR 62/68-69 dated the 6th February 1969 from the Municipal Commr Bangalore city requesting sanction of Govt to the above advance and enclosing a copy of resolution of the Municipal Council in this behalf

1) The resolution of the ML Council states that the amount may be advanced to the firm in anticipation of Govt sanction

OM 3 3 69 Rs 33-169

as the cost of mexphalte per ton as quoted by the Burma Shell Co of India Ltd Madras is Rs 268/- for 200 tons, it would cost 268 x 200 = Rs 53600 of

Erection of shelmac (Rs 3) costs Rs 278/- for 200 tons, it would come to Rs 278 x 200 = Rs 55,600

The total cost is Rs 53600 + 55600 = Rs 1,09,200

3) The Manager has recommended the purchase of 100 tons of each of the stuff but the Board has ~~ordered~~ resolved to purchase 200 tons each.

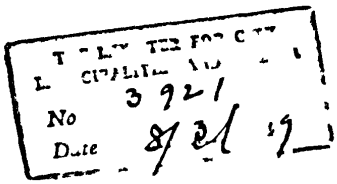
4) It is not clear whether there is real necessity for the purchase of 200 tons each & whether it would be wise to purchase so much of the year (12 months). Further, it would entail additional responsibility to store them in a safe place & to maintain proper accounts for receipts, issues, balance etc. Again the total expenditure would come up to Rs 10 9,200/- (a heavy amount - Commentator - indeed in view of the present financial position)

5) The Company are not able to get a D-R Mine but have got only a D-R Quarry. This would mean a lot of expenditure.

6) Hump report to all the users of the cars, it would be enough to purchase for the present 100 tons each (net). Which would cost Rs 54,600 ~~54,600~~ 54,600 It is not desirable to draw away the cash - however much the Board may have at its credit now

Answer might be accorded for the advance
by Bombay under this Circular,
with the direction that the grant to be
increased might be limited to two thirds of
this sum in the case of advance
such heavy sums only after full inquiry
of stamp. persons sanctioning grant regardless of
stamp orders. This principle will be specified
not if approved

5/3



9) A may be allowed

10)

11) Irregularity may be pointed out to avoid them in future.

8/3/19

12) D/f letter attached

13) Submitted with a draft letter for approval

13) Sanction as issued

The Municipal Commissioner
Bangalore City
(Through the President)

Subject. Purchase of Shelmac and Mexphalte from Messrs Burmah Shell Co Madras, for use on the Municipal works in the Bangalore City Municipality.

Sir,

With reference to the correspondence ending with your D.O letter No. A2PR62/ dated the 23rd February 1949 requesting sanction of Government to the resolution of the Municipal Council dated the 14th February 1949 approving of the purchase of 200 tons of Shelmac and 200 tons of Mexphalte from Messrs Burmah Shell Co Madras, at a

Total Government Rs 1,09,200
as shown in margin and
to the advance of Rs 5 crores made
by the Union this Connection with
above Company immediately,
in anticipation of sanction etc,
I am directed to state that,
having regard to the fuctuations you
Mly Govt consider that it would
be ~~desirable~~ if only 100 tons of each
Stelmac & Mexphalte are purchased
now at a cost of about Rs 5-4 600 and to the fact that
it may not be possible to utilise in full
larger quantities, if purchased before the close
of the two years each of the material
during the current year ~~1961-62~~
I am to request to be informed
whether this would not suffice for
the present. Orders for supplies of 100 tons each may be placed
I am also to request and forwarded.

Mexphalte
200 tons @ Rs 268 = Rs 53600
Stelmac
200 tons @ Rs 278 - Rs 5560
Rs 1,09,160
FOR orders

This Connection that it is not
~~necessary~~ to pay heavy advances
to firms in anticipation of sanction
of Govt as this would unduly Compel the
Government to abbrove of the expenditure before
Orders passed.

~~Approved~~ Approval is accorded
to the advance of Rs 50000 already
made to the firm by the Addl Govt
in anticipation of sanction
to the Sanction that ~~has~~ should not
be ~~regarded~~ quoted in future

Yours faithfully

(Through the President)

SUBJECT Purchase of shelmac and Mexphalte from Messrs Burmah Shell & Co , Madras, for use on the Municipal works in the Bangalore City Municipality

---

Sir,

With reference to the correspondence ending with your D O letter No A2 PR 62/48-49 dated the 23rd February 1949 requesting sanction of Government to the resolution of the Municipal Council dated the 14th February 1949 approving of the purchase of 200 tons of Shelmac and 200 tons of Mexphalte from Messrs Burmah Shell & Co , Madras, at a total cost of about Rs 1,09,200/- as shown in the margin and to the advance of Rs 50,000/- made by the Municipal Council in this connection to the above Company immediately, in anticipation of sanction etc , I am directed to state that, having regard to the finances of the Municipality and to the fact that it may not be also possible to utilise in full large quantities if purchased before the close of the current year, Government consider that it would be sufficient if only 100 tons of each Shelmac and Mexphalte are purchased now at a cost of atout Rs 54,600/- as opined by the Municipal Engineer also

Mexphalte 200 tons @ Rs 268 = Rs 53,600/-
Shelmac 200 tons @ Rs 278 = " 55,600/-
Rs 109 200/-
F O.R. Madras

2 I am also to point out in this connection that it is not regular to pay such heavy advances to firms in anticipation of sanction of Government as this would virtually commit the Government to approve of the expenditure proposed Approval is however accorded to the advarce of Rs 50,000/- already made to the firm by the Municipality as a special case with the direction that such heavy payments in anticipationof sanction should not be made in future
